# WELCOME FROM THE CONFERENCE CO-CHAIRS

On behalf of the 2017 conference committee, we are so pleased to welcome you to Conference 2017: *Guardians of the Lexicons*, and to the beautiful Ottawa–Gatineau region. You couldn't have picked a better time to be here, and we hope you'll take some time to explore our two cities.

Our theme this year, loosely based on the *Guardians of the Galaxy* superheroes, highlights the exciting and important work that editors do, whether that's preserving an author's voice, converting dense text to plain language, or staying on top of new words and changes in usage. We are guardians of languages and the people who use them. To us, this doesn't mean rigidly defending rules, but rather applying them thoughtfully and within context. It also means knowing when to break the rules (for instance, when the fate of the galaxy is at stake).

The theme's nod to the galactic also reflects how Editors Canada has expanded since its inception in 1979. From a small group in Toronto with aspirations of going national, Editors Canada has achieved that and much more. Our conferences have also expanded, both geographically and thematically, to include many lexicons. With this in mind, our team has put together an amazing program featuring speakers and sessions with wide-ranging experience and relevance to a variety of lexicons. These include French, English, Indigenous, and many more languages, as well as style guides and terms associated with fields as varied as academia, fiction, and technical writing. We hope you feel, as we do, that the program reflects the way in which our profession has grown to encompass more and more fields and applications.

We also hope you will have fun and enjoy reconnecting with old friends and making new ones.

We would like to thank our incredible conference team, without whose passion, dedication, and enthusiasm, this conference would not have been possible. Finally, we thank each of you for joining us and for supporting the work of Editors Canada. We hope you leave Conference 2017 enriched, energized, and excited!

# **ACCUEIL DES COPRÉSIDENTES DU CONGRÈS**

Nous sommes très heureuses de vous accueillir au Congrès 2017 : Les Gardiens des lexiques, ainsi que dans la belle région d’Ottawa–Gatineau. Vous n’auriez pas pu choisir un meilleur moment pour être ici et nous espérons que vous allez prendre le temps d’explorer nos deux villes.

Le thème de cette année, inspiré en grande partie des super héros du film *Gardiens de la galaxie*, veut souligner le travail palpitant et important des réviseurs, soit de conserver la pensée d’un auteur, vulgariser un texte ou bien rester à l’affût de nouveaux mots ou de changements d’usage. Nous sommes les gardiens des langues et de ceux qui s’en servent. Pour nous, ça veut dire d’appliquer rigoureusement les règles grammaticales, en tenant compte du contexte, et de savoir reconnaître quand adapter les règles (p. ex., quand le sort de la galaxie est en danger).

Le penchant galactique du thème nous ramène aussi à l’expansion de Réviseurs Canada depuis ses débuts en 1979. Nous avons fait beaucoup de chemin depuis ce petit groupe de personnes à Toronto qui voulait une reconnaissance nationale pour les réviseurs; Réviseurs Canada a atteint cet objectif, et plus encore. Nos congrès ont aussi pris de l’ampleur, la portée géographique et les thèmes ayant beaucoup évolué. C’est dans cet esprit que notre équipe a mis sur pied un programme exceptionnel mettant en vedette des conférenciers et des présentateurs ayant toute une gamme d’expériences. Les thèmes abordés toucheront différents lexiques, le français, l’anglais, les langues autochtones, et plusieurs autres langues, en plus des guides de styles et de la terminologie de divers domaines comme le milieu universitaire, la fiction et la rédaction technique. Nous souhaitons que vous trouviez le programme intéressant et qu’il représente bien l’évolution de notre profession, en englobant davantage de domaines et de mises en pratique.

Nous espérons que vous allez vous amuser et que vous allez aimer renouer avec de vieux amis et vous en faire de nouveaux.

Nous aimerais souligner la passion, le dévouement et l’ardeur des membres de l’équipe du Congrès 2017, sans qui celui-ci n’aurait pas pu voir le jour. Enfin, nous vous remercions tous d’être parmi nous et d’appuyer les efforts de Réviseurs Canada. Nous nous attendons à ce que le Congrès 2017 vous permette d’enrichir vos connaissances et de renouveler votre énergie et votre enthousiasme!

# WELCOME FROM THE EXECUTIVE DIRECTOR

Welcome friends, to the 2017 Editors Canada annual conference in beautiful Gatineau, Québec. I am very excited to participate in this year's conference, not only to attend some of the great sessions offered by our conference committee, but also to meet new people and catch up with members I haven't seen in recent years.

I often find that the best part about attending a conference is getting away from your desk, interacting with your peers, and expanding your horizons by learning something new. I always feel recharged after a conference and, looking at this year's program, I see a great variety of sessions that will help everyone energize their intellects and their careers.

And of course, sharing some laughs and catching up with friends at the end of the day is also a highlight of any successful conference. There is plenty to enjoy at this year's conference and I hope it is a great success for everyone here.

**John Yip-Chuck**  
**Executive Director, Editors Canada**

## ACCUEIL DU DIRECTEUR GÉNÉRAL

Chers amis, je vous souhaite la bienvenue au Congrès annuel 2017 de Réviseurs Canada et dans la belle ville de Gatineau au Québec. Je suis très heureux d'être au Congrès cette année, non seulement pour participer à quelques ateliers annoncés par le comité du Congrès, mais aussi pour pouvoir rencontrer davantage de membres et me rattraper avec ceux que je n'ai pas vus depuis longtemps.

Ce que je préfère d'un congrès, c'est de pouvoir quitter mon bureau, d'interagir avec mes pairs et d'élargir mes connaissances. Les congrès sont comme un roboratif pour moi et, après avoir lu le programme de cette année, je sais qu'il y a une bonne diversité d'ateliers qui sauront animer notre intellect et donner un élan à notre carrière.

Comme de raison, savoir rire ensemble à la fin de la journée et discuter entre vieux copains sont également un des points culminants d'un congrès réussi. Selon moi, il y a amplement à faire au congrès de cette année et j'espère que ce sera un succès.

**John Yip-Chuck**  
**Directeur général, Réviseurs Canada**

# **WELCOME FROM THE PRESIDENT**

Welcome to Ottawa–Gatineau! This is a special year for Canada and for the nation's capital, as we celebrate 150 years of Confederation. While you're in town, I hope you'll take time to explore and to visit some landmarks that make this area special.

Over the next couple of days, we'll all be learning together, exchanging ideas, having fun and networking. We'll have the chance to catch up with colleagues and make some new friends, too. Whether you're from the area or from across the globe, new to editing or an old hand, there is something here for you.

Editors are amazing people. They're interested in so many subjects and are always willing to learn new things. They care so much about getting the words right, and they care about each other. You will leave this conference filled with new knowledge, new connections and renewed energy. Enjoy every minute!

**Anne Louise Mahoney**  
**President, Editors Canada**

## **ACCUEIL DE LA PRÉSIDENTE**

Bienvenue dans la région d'Ottawa–Gatineau! Cette année en est une toute spéciale pour le Canada ainsi que pour la capitale nationale puisque les Canadiens célèbrent les 150 ans de leur Confédération. Pendant que vous êtes ici, je vous invite à prendre le temps de découvrir et de visiter nos monuments et lieux historiques qui rendent cet endroit si spécial.

Au cours des prochains jours, nous serons tous en mode apprentissage et nous aurons l'occasion d'échanger des idées et de nous amuser. Les occasions de réseautage seront aussi présentes, que ce soit en revoyant des collègues ou en faisant de nouvelles rencontres. Que vous soyez de la région ou proveniez de l'autre bout du monde, un nouveau dans le domaine de la révision ou un habitué, il y aura de quoi ici pour vous tous.

Les réviseurs sont des gens fascinants, passionnés d'une vastitude de domaines et toujours en quête d'apprendre de nouvelles choses. Ce sont des personnes hautement méticuleuses et soucieuses les unes envers les autres. Je suis certaine que vous quitterez le Congrès 2017 complètement revigorés et comblés avec un bagage de nouvelles connaissances et de nouveaux contacts. Savourez-en chaque minute!

En tant que maire de Gatineau, c'est un privilège et un grand plaisir d'accueillir dans notre ville des réviseurs provenant des quatre coins du Canada. Vous qui avez fait carrière en jouant le rôle de gardiens et d'ambassadeurs de la langue et de la culture, je suis certain que vous saurez apprécier notre belle ville qui conjugue si bien l'histoire et la modernité, entre la nature et l'urbain. Pendant cet intermède dont vous profiterez pour apprendre et échanger, tisser et renouer des liens, je vous encourage à prendre un peu de temps pour explorer les trésors que vous offre Gatineau. It is my privilege and my pleasure as Mayor of Gatineau to welcome editors from across Canada to our city. Having dedicated your careers to preserving and developing culture and language, I am certain that you will enjoy our city, which deftly combines history and modernity, the urban and the natural. As you gather to learn, share your experience, build and renew relationships, I encourage you to experience some of the treasures that Gatineau offers. We are honoured that you have chosen to visit us and hope that you will return in the future. I wish you, the Guardians of the Lexicons, a successful and enjoyable conference.

## Cite it Right

Salon Chaudière I

For writers and editors of any scholarly work, citation is a key skill. This seminar takes participants through the principles of citation. Understanding the elements of citation helps writers and editors move seamlessly from one citation system to another. Participants will review major citation systems, discuss reference management software, and look at editing approaches.

**Carolyn Brown** is a freelance science and medicine writer and editor with 18 years' experience at Canada's two largest scientific publishers—Canadian Medical Association publications and National Research Council Research Press. As an editor, she works on manuscripts for journals, reports, and material for the public at all stages of preparation. She often has to change styles and citation systems. Carolyn also trains writers, academic authors, and scientific editors.

## Writing Proposals

Salon Chaudière II

This session will help participants approach proposal writing with confidence by showing them the basics of creating an effective proposal that will get them noticed for all the right reasons. Session topics will include:

- examining the anatomy of a proposal,
- making the most of your strengths and addressing your weaknesses,
- deciding what to include (and what to omit), and
- adding value to a proposal.

Chris will also discuss the basics of the request for proposal (RFP) process and spend some time planning a practice proposal.

**Chris Lendum** is an Ottawa-based freelance editor and writer. He started his editorial career in 2008 while lost in the doldrums of his PhD and decided to continue it after his graduation. Since then, he has been surprised to discover he is a specialist in academic and health-related editing. When he is not editing (and sometimes when he is), Chris works as a part-time professor in the English Department of the University of Ottawa.

## Fact Checking

Salon Chaudière I

Fact checking includes checking the accuracy of names, dates, dollar figures, and other facts. It is not copy editing or substantive editing. Laura will help participants develop this important editing skill that prevents mistakes, avoids loss of money and lawsuits, and establishes client/author credibility. She will show

the importance of fact checking, how to do it and how much should be done. She will share her wealth of knowledge and equip participants with the skills to perform the job effectively.

**Laura Byrne Paquet's** first encounter with the written word highlighted the value of fact checking and proofreading: her birth announcement appeared in the newspaper classifieds under the heading "Livestock for Sale." Despite that inauspicious introduction, she became a writer and editor. After stints as a junior magazine editor and a business reporter, she started an Ottawa communications company with her husband in 1995. As well as writing and editing reports, newsletters and other materials for corporate and government clients, she has edited novels, travel guidebooks and local histories. Her articles have appeared in more than 80 publications, and she has written or co-authored 12 books.

## Editing Charts

Salon Chaudière II

If a picture is worth 1,000 words, then a chart must be worth at least 100. The use of visual information is exploding and charts are important to impart knowledge, not just data. Knowing how to edit charts to use them to their full advantage will increase your value to your employer and clients.

**Laurel Hyatt** has been a journalist, writer, and editor for 30 years. She has worked in-house at Statistics Canada and freelance for the Office of the Auditor General of Canada, as well as on university textbooks in accounting, finance, management, and statistics—all of which use a heck of a lot of charts.

## Editing in Your Second Language

### La révision en langue seconde : profits et pièges

Salon Wellington

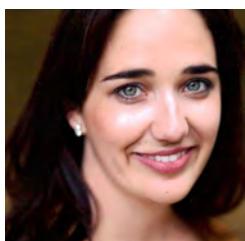

BILINGUAL SESSIONS | ATELIERS BILINGUES

Many editors believe editing in their second language is just too difficult and is therefore unadvisable, but this isn't necessarily the case. It all depends on your level of proficiency in your second language, knowing your limits, and setting reasonable expectations for you and your clients. Editing can be a tough field, and expanding your market to include services that leverage your second language can help differentiate your business and give you a competitive edge.

**Nancy Foran** has been copy editing, proofreading, and localizing for 15 years. Fluently bilingual, she began editing in English and dipped a toe into French editing eight years ago.

Plusieurs réviseurs croient que de réviser dans leur deuxième langue est beaucoup trop difficile et s'en tiennent donc à l'écart, mais cela n'est pas nécessairement le cas. Tout dépend de votre maîtrise de votre deuxième langue, de pouvoir reconnaître vos limites et établir des attentes raisonnables pour vous-mêmes et vos clients. La révision peut être un domaine exigeant et vouloir élargir son marché vers sa deuxième langue peut aider à vous distinguer des autres et augmenter votre capacité concurrentielle.

**Nancy Foran** cumule quinze années d'expérience en révision, correction d'épreuves et localisation. Couramment bilingue, elle a commencé sa carrière de réviseure en langue anglaise, ajoutant la révision en langue française il y a maintenant huit ans.

EDITING PRACTICES | MÉTHODES DE RÉVISION

For civilians, editing begins and ends with fixing typos and messing about with commas, but experienced editors do macro editing as well as micro editing, reading analytically to deal with focus, structure, organization, tone, and legal and ethical issues. This workshop invites participants to identify macro-editing issues in a series of articles.

He is the author of *The Old Editor Says: Maxims for Writing and Editing*.

Pour les personnes ordinaires, la révision veut simplement dire corriger les coquilles, déplacer des virgules, mais pour les réviseurs d'expérience c'est tout autre chose : ils voient à la fois le gros plan et les détails, ils font une lecture analytique pour cibler le point d'intérêt, la structure, l'organisation, le ton en plus des questions légales et éthiques. Cet atelier invite les participants à reconnaître les enjeux de la révision en gros à travers une série d'articles.

## Keep it Simple, Scientists

Salon Chaudière II

### EDITING PRACTICES | MÉTHODES DE RÉVISION

How do you edit elegantly and concisely for ESL authors wanting to publish in English-speaking journals, when they have such poor role models? The papers of many scientists are saddled with lengthy, awkward prose and cluttered with unnecessary words and phrases. Add to that the strict constraints of academic journals (some journals do not allow the active voice) and editing can become a confusing process for both the editor and the authors. Furthermore, it is so easy to lose the author's voice in the process. In this session, Leonie will discuss how this balance may be found, and how to avoid pitfalls using actual examples from her own editing experience.

**Leonie Pipe** has been editing part-time for EDANZ (Editing in Australia and New Zealand) since 2009. She also has a full-time contract with ENAGO, with whom she's been employed for four-and-a-half years. Leonie edits scientific articles, dissertations, and theses on all scientific and engineering topics you can think of, and she compiles cover letters for journal articles.
